SUBJECT: Compliance with Interim CDO No. R3-2006-1005

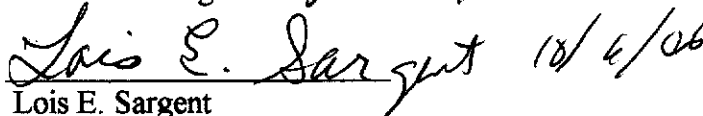

ATTENTION: Harvey Packard
Michael Thomas
Matt Thompson

SUMMARY: Attached are statements to show that our septic tank was pumped and a new leach field installed with County inspection and permit.

CONCLUSION: As pro-sewer advocates, we willingly complied with your order. Regrettably, that expense could have been avoided if the anti-sewer faction had not prevailed. Based on their past actions, expediting the issuance of similar CDO's seems the only recourse.

We certify under penalty of perjury that the attached documents were prepared at our request and under our supervision, and to the best of our knowledge are true, accurate and complete. We understand that there are significant penalties for providing false or incomplete information, including the possibility of criminal fines or imprisonment.
